

Bride of the Pride

For almost as long as she can remember, curvy wolf shifter Ellie Daniels has been doing everything in her power to attract the attention of Lukas, a young wolf in her pack that shes lusted after...Unfortunately for her, competition for Lukas attention is stiff. After all, hes destined to challenge for alpha status. Not to mention the fact that here are plenty of other females her age that are sleeker and sexier than she. Determined, she recently decided to give it one last try and started working out in an effort to improve her chances.What she doesnt realize is that the gym that she joins is owned by shifters as well...but not of her kind. Lion shifter brothers Ben and Jason Patterson have eyes for the curvaceous female wolf.But unlike the scorn she receives from others for her shape, shes exactly what the sexy lions have been looking for - in more ways than one. However, once the brothers make their feelings known, Ellie is left with an impossible choice of love versus loyalty.WARNING: This 19,700+ word story features graphic scenes of m/f/m menage sex, alpha male domination and oral sex. He was human and nothing but bad consequences lie ahead for her if she let things slip one inch further. Growing up, shed heard about wolf and human matings that had gone badly - very badly...But, she was weak and he was close... and drawing closer.Her lips quivered with eagerness as the first hints of his hot breath brushed against them. Her wolf was clawing at her, desperate to have the flavor of his flesh within its mouth which had begun to moisten in quiet anticipation.Their eyes remain locked upon each other as he started to pull the tape taut across her back and draw the remaining slack towards her

breasts. Moments later, the tape touched at the center of her chest. Still looking at her he said, Just as I suspected. What? she asked. He pinched the tape between the thumb and forefinger of his right hand and with his left he reached behind her and pulled against the small of her back. With a quick tug, their lips were suddenly an inch apart. The perfect size. He whispered.
