

Crimson Debt: Part THREE: Bonded: (BBW Paranormal Vampire Werewolf Romance) (Born to Darkness: Crimson Debt Book 3)

A tough-as-nails Vampire Auditor should never let herself be bonded to a Master Vamp. I mean, theyre the enemy--right? Crap, Im in so much trouble... My name is Addison Godwin and Im a Non-Glamone of the one in ten thousand humans who is immune to vampire glamour and mind tricks. My ability enables me to work as an Auditora government agent that monitors vampire/human relations and tries to keep the two species apartsexually at least. Thats because you cant go to bed with a being strong enough to bend an iron bar in half and not wake up looking like road kill the next morning. Enter Alec Corbina six foot four master vamp with piercing silver-blue eyes whos a royal pain in my ass. Hes also determined to get me into bed. He swears he can be gentle but Ive seen enough vamp/human crime scenes that started in passion and ended in tragedy to keep my distance, even if he is supernaturally hot. But just because I Audit (and sometimes execute) vamps for a living, doesnt mean I hate them all. My good friend Taylor, was turned against her will. Now, living as a slave to the most sadistic Master vamp in town, she leads a miserable existence and Im helpless to save her within the confines of the law. Until Corbin offers me a deal. If Im not careful its a deal thats going to get me...Bonded. What People Are Saying About Crimson Debt... Pauline Michael for NIGHT OWL REVIEWS>>>> Evangeline Anderson lightens up the darkness with this fantastical vampire tale and creates a grim world I want to visit over and over again. Addison Godwin is so realistic, her mixture of qualities make her all the more appealing. She is such an impressive character and its so cool to see her insecurities peak through and not diminish her strength. She is overly protective towards her best friend and her life revolves around her need for revenge and while she is a calm and professional yet she

also acts impulsively when her emotions are involved. Alec Corbin is amazingly powerful yet surprisingly gentle when it comes to Addison. I loved the descriptions and details that sometimes clutter the action and pace of a good tale but in this one they were so seamlessly woven in to the storyline that I felt it only added to the portrayal. The supporting cast in this story is absorbing and I cannot wait to read the next book in the series just to see what adventures some of them get up to. I have heartily enjoyed other offerings from this talented author and have come to enjoy her flair and style, I cannot wait to read the next in this new series and highly recommend it to anyone. KATIE CODY for Curse of the Bibliophile>>>> A thrilling start to a brand new series! The plot is nicely paced and I love how the author gives just enough info to keep me wanting more without actually giving everything away at the beginning. There is never a dull moment in this book and I was constantly surprised at the new twists and turns. I really liked the way she wrote these vampires. They are not the watered down versions that can sometimes be found in the younger genres, but neither are they the mindless killing machines of horror stories. Similarly to humans there are those that are bad. Many of them are cold, calculating, and only interested in doing what they want and when they want it. However, they are capable of feeling love and even if a little overbearing our vampire Alec Corbin is a good man who only wishes to love Addison if she will only let him. This is a seductive story that will leave you begging for more! ***Crimson Debt is a full length novel in 3 parts.
