

## Kiss a Frog (The Book Club Series) (Volume 1)

Lily Holloway had been best friends with Abby Killian and Laura Monroe since before she could remember. Even though they had their differences, their love of romance novels brought them together monthly for their book club. They decided to read a popular erotic romance and see if their lives changed in the month before Lily's thirtieth birthday. The quest was an easy one. Kiss all the frogs you can and try to find a prince. Simple, right? What Lily discovers is that finding an eligible bachelor under forty is nearly impossible, and after a couple laughable sexcapades, she's ready to give up. She agrees to one more date with a co-worker's brother, only to prove she can get a boyfriend before they can. Meeting Luca De Soros, the sexy FBI agent for a blind date propels her on a crash course with danger. Lily can't stay away from his heat, even though she knows she can be burned in the process. Luca is everything she ever wanted in a hero, but time might run out for her to be saved. Will she be able to see if happily ever after can really happen, or will she miss out on her thirtieth birthday altogether?
