But will the pain from her past ever let her truly experience

happily-ever-after?-----Back

Cover Tori Aickens understands more than most what it feels like to lose the ones you love, but she also understands how to survive that kind of pain by leaving it all behind and never looking back. Unfortunately, while shes busy never looking back, she walks straight ahead to find her fiance cheating on her with a grin on his face. Tori decides to return to Fireweed Island to teach for the summer, but coming back to a place where ghosts lurk in even the happiest of memories makes her face the heartache of her past shes done so well at leaving behind. It isnt until Gabby introduces Mason Rhodes to her that she realizes kindness can exist in this overly brutal thing called life, and maybe not all men are meant to self-destruct, or shes just been sniffing in too much ocean air. Either way, spending time with Mason on Fireweed Island leaves if the Tori questioning carefully constructed life she left behind in New York is one she even wants any longer. Mason is determined to break down Toris barriers, but shes not sure shes strong enough to let go of her past and imagine a

future that risks her heart getting broken again, and she wonders if theres such a thing as the right love at the wrong time...Fans of the Beyond Love Series will enjoy seeing old friends and reading about fresh characters in this carefully woven tale heartache, love, and beginnings.Island County SeriesFinding Love (Toris story)Love Redone (Natalies story)Tangled Love (Sophies story)Forever Love (Jewels story)Beyond Love SeriesBeyond Control (Gabbys story)Beyond Doubt (Brandys story)Beyond Reason (Lilys story)Beyond Intent (Gabbys story)Beyond Chance (Brandys story)Beyond Promise (Lilys story)Beyond the Mistletoe (Emilys story)
