

Burdened: A Burdened Novel

Eighteen-year-old Tracey Warren is a run-of-the-mill high school student on the verge of graduation. She has her friends and her fun; she has life all figured out. Or she thought she did. Her pedestrian reality crashes around her after an innocuous touch from a diabolically handsome stranger. Just one touch from Nathan Newcomb and her head and her world spins out of control. Soon she discovers that the only cure for the uneasy feelings and pain is Nathan himself. A man whose very existence balances between violent chaos and rigidly controlled dangers. Nathan knows that the life of a woman mated to a burdened Sephlem is destined for peril beyond a humans reckoning. But Tracey calls to his desire to experience love in spite of the hazards. And Nathans impossibly potent magnetism draws Tracey into a bonding that will put her in mortal danger again and again. Once the pair becomes one, the threat escalates and nowhere is safe. There are enemies that lurk behind every corner. But the greatest danger may be in the bloodlines that course through Nathans veins. Can a love for all time survive or will their burdened souls surrender and fade away?
