

Bear & Broken: A Billionaire Bear Shifter Romance (Bears & Beauties Book 3)

When a bear is broken, only love can make him whole again. Calvin Dare isn't your typical billionaire. Despite being an extremely wealthy entrepreneur, Calvin spends most of his time as part of an underground shifter fight club. After months of reigning as the club's alpha and undisputed champion, Calvin finally meets his match in the form of a conniving and vicious foe. Caught off guard then left for dead, Calvin's world spirals out of control. His business starts to implode, his reputation is destroyed, and all hope seems lost. Curvy medical student Megan Holt never expected to find a near-dead shifter in the alleyway next to her apartment, but that didn't stop her from saving his life once she did. Nursing him back to health, Megan finds herself caught up in a world that she never dreamed possible. Caught between her duties as his caretaker and her heart's desire at being his fated mate, it's all Megan can do to keep herself out of trouble while helping to rebuild the confidence that her new found lover seems to have lost. When Calvin's violent shifter past collides with Megan's upbeat view of life, it will take everything he has to fight off the forces that would see her dragged down into the abyss with him. If he is to protect his fated mate and see their love through the coming adversity, Calvin will have to remake himself into the powerful alpha he once was. Can he regain his abilities in time, or will the growing storm leave her broken and him bare? Bear & Broken is a standalone story with no cliffhanger about a growly bear and the curvy girl who loves him.
