

## Best Intentions (Best Intentions Series Book 1)

Even a wrong turn can be right. A Ghost Cats story. Lily arrives at Thioshpaye Bar and Cabins looking for room, board and a man. The one standing behind the counter ought to be perfect, she's not going to find anyone more gorgeous. But she's only looking for a one-night stand, and the connection that sizzles between them tells her she could spend a lifetime in his arms. Brayen's cougar-shifter eyes must be deceiving him. Humans aren't supposed to be able to see the building, much less waltz right through the door. But he can tell that Lily is special and sees through the bravery that masks her inner vulnerability. His pack won't welcome a human, but when Lily is nearly attacked by wolf shifters, Brayen knows she's his to protect and love. At least for tonight. Before the night is over, Lily gets more than she bargained for: a taste of love she never knew could exist and can never have. Faced with an empty bed in the morning, Brayen realizes he's lost the one thing he never hoped to find. His true mate. Finding her again will take a miracle and could cost them both everything. This book has been previously published. Warning: Cat-shifter nookie in some very wet places. Yes, it's what you're thinking.
