

This is a 2 in 1 collection, which includes: Dark Cravings Seeking freedom from a painful past, Chelsea settles in Alaska, hoping to find a new life - or at least distance herself from the old one. But it isn't enough. Soon her life, and new love, are threatened. Believing her past has come to claim her, she finds help in the strength of a stranger, one who makes her question her life, her love, and whether or not she can escape the dark cravings that haunt her. Dark Souls In the wake of Rances return and his shocking offer, Chelsea knows a careful balancing act is required to keep Will safe. They've barely begun working things out when her past returns to bite her. Malachi and the others have finally found her, and they're determined to reclaim her. However, after spiriting her away, they're not pleased to discover that she's changed. One against five isn't fair, and Chelsea knows that she'll have to even the odds before her men track them down, or she might lose them both. Combined word count of 38,137.
