This new release features a free bonus book included for your enjoyment. The path to happiness is full of struggle and obstacles. How we handle those obstacles is what defines us as a person. Keagan's life was no exception to this... Keagan had just recently come to terms with his sexuality. He had thought he was ready to take the next step with his current crush, Jason. Little did Keagan know that it all would change the night he met Caleb. There was something about Caleb that caught Keagan's attention the second their eyes met. Caleb was different than the other boys in town. He had a different presence to him. After a near fatal car accident, Keagan and Caleb are brought together in what seemed like a coincidence. Caleb would not only save his life, but bring him into a world that seemed like fantasy. Omega Resurrected is a stand-alone novel full of twists and surprises. The content can at times be steamy and is not for the faint of heart.
