It's a successful lifestyle business you can run from your home office, the beach, or wherever you desire. It's work you love that still allows you the freedom and income to live the life you truly want. Sound like a tall order? Well, thanks to the Internet, anyone can launch a business with little or no start-up capital or technical expertise. And in *Click Millionaires*, lifestyle entrepreneurship expert Scott Fox teaches weary corporate warriors and aspiring entrepreneurs how to trade the 9-5 job they hate for an online business they love. The book explains how to combine outsourcing, software, and automated online marketing to build recurring revenues, all while working less and making fewer of the lifestyle compromises that corporate success requires. Readers will learn how to: find a lucrative niche on the Internet that matches their interests and skills; choose an online business model: from blogs, noozles, and online communities to digital delivery, online services, affiliate marketing—even physical products; position themselves as experts; build their audience; design the lifestyle they want; and balance passion and profits to realize their personal definition of success. Featuring stories of dozens of regular folks who have reinvented themselves as Click Millionaires, this inspiring and practical guide shows readers how to stop dreaming of a better life and start living it!
