

# National Defense: The Navys Intermediate Ship Maintenance Program Can Be Improved: LCD-77-412

The U.S. Government Accountability Office (GAO) is an independent agency that works for Congress. The GAO watches over Congress, and investigates how the federal government spends taxpayers dollars. The Comptroller General of the United States is the leader of the GAO, and is appointed to a 15-year term by the U.S. President. The GAO wants to support Congress, while at the same time doing right by the citizens of the United States. They audit, investigate, perform analyses, issue legal decisions and report anything that the government is doing. This is one of their reports.

appropriate, in the design of facilities included in this program. the 3rd Marine Aircraft Wing units and other Department of Defense units while improving the quality of life for military personnel, their families, activity performing Intermediate Level Maintenance (ILM) on the .
