I chose this book because am an avid reader of anything paranormal and this is that. I was pleased to read this story of friendships, loves, and betrayals. It was exciting, kept my interest glued from beginning to end. I could hardly wait to see what would happen next. I would recommend this book to all interested in the paranormal beings of vampires because they are portrayed with emotion not just bloodlust. I really enjoyed it immensely and plan to continue reading the rest in the series to see what happens. - Verified Amazon review

Vampires, human jailers. possible sexual urges and wala you have a great story. Would have never thought this type of story could be presented differently BUT you did it! Will definitely read your other books. Am interested in the rest of the story. - Verified Amazon review

I really enjoyed this first installment of The Vampires Warden. The main characters were well developed. I am looking forward to seeing what develops between Sarah and Michael and Alex. I love vampire novels, especially the romantic ones with a twist. This was a totally different vampire concept. - Verified Amazon review

I said before that this was a new twist on the vampire legends weve all read, but it is also very well written. S.J. Wright will draw you in on page one and keep you reading until the end. You will not be disappointed. Suspense, mystery & intrigue from cover to cover. A varied cast of characters & personalities you will fall in love with and a storyline that is far from predictable! I cant wait to start the next one. - Amazon Verified Review of The Vampires Curse
