

Formula for Danger (Sonoma Series Book 2)

Someone wants dermatologist Rachel Grants latest research, and theyll do anything to get it. Including trashing the plants needed for her breakthrough scar-reducing cream--and trying to run Rachel down. Desperate for help, she turns to Edward Villa, the only man she trusts. But the greenhouse owner knows too much about Rachels research, and now hes a target, too. Break-ins, muggings, murder...the would-be thief is getting desperate--and getting closer. Edward vows to protect Rachel at all costs. Yet with time ticking away, Edward knows they have to uncover the madman shadowing Rachel before their chance for a future is destroyed.
