It was inevitable from the get-go that there would be sexual tension between Keira James and her boss, Marcus Reed. After all, her boss had it put in her contract that she must be open to his unique arrangement... But after the first flirtations are finally out of the way, Keira finds herself driven mad by the sexy mans distance. Is he waiting for her to bridge the gap between them? Or has got other things on his mind? For the first time, Keira begins to wonder who is seducing who, and who is really in charge between her and Marcus Reed...
