On a spring morning in San Jacinto, Kiowa and Comanche raiders massacred Silas Stones wife and two of his sons. And when they rode off they took Stones grandchildren, including pretty little Sarai, with them. Stone and his men searched the West for the children and swore they would not stop until they were returned. After 10 years, they found the boys. Then, 25 years after her capture, Sarai Stone returned to the white world. But could she ever truly come home?
