

The Soldiers Promise (Mills & Boon Superromance)

Here today, gone tomorrow? When former army ranger Josh Manning comes to close-knit Covenant Falls, he knows he won't be staying long. As soon as he has renovated the cabin he inherited from a late fellow soldier, he and his ex-military dog, Amos, are getting out fast. That is, until Mayor Eve Douglas drops by. Eve, a young widow, has a precocious son and a band of misfit pets. Definitely not his type. Besides, she deserves much more than he can give. Unless, against all his instincts, he's ready to make one more promise.
