

Now You Wanna Come Back (Delphine Publications Presents)

Letting go is not always easy, and in some cases it can be close to impossible, like it was for Leila. She was stuck on her husband, and never thought she would ever stop loving him; even through the constant pain and suffering, she still had hopes that he'd come back to her. Cold and unwilling to do right, her husband, Devon did what was best for him, and that was treat Leila horribly and lie to her time after time, leaving her no choice but to be rescued by another man. Rayshon Johnson, not the perfect man - but a good man - came along, and rolled the storm away and gave Leila back all the things that Devon took away. He kissed her where it hurt, and helped her to get over her insecurities about herself. By giving her back that confidence, she let go, and letting go was the wrong answer for Devon, and he refused to let her move on without him. He was determined to get his good thing back - no matter what the cost, he was determined to come back.
