

## Wedding Jitters (Paranormal/Fantasy Romance) by Brynn Paulin

Experience the book that started it all with this revised version of Brynn Paulin's *Wedding Jitters*! And the bride wore wings. Dara is a fairy, and she doesn't like it at all. But what's a girl to do when she's the fifth daughter of the fifth generation? The fifth daughter is always a fairy. Dara uses magic to hide her nature while she lives as a human, but one thing is sure to blow her cover. Sex. Hot out of control sex. On the eve of her wedding to the most boring human she could find, another man, the Prince of Fairy, arrives intent on two things: Making Dara reveal her wings and claiming her as his very own. By whatever means necessary. Warning: No actual candles, weddings or fiancés are harmed on this journey, but lots of hot sex with a dark stranger will heat up this wedding and melt a few spells. Note: This is a standalone story with an HEA.
